### **Where is our Campaign?**

We are leading on every level. Our positive campaign and grassroots efforts are outworking the competition 10 to 1. Our campaign continues to demonstrate the hard work, creativity and strong principles you should expect. Sadly, some candidates have continued to negatively campaign. This is a testimony to our progress and we will not respond in kind. Our positive and ethical message about serving Georgia families and the issues will continue to triumph.

### **Call to Action**

I need your support and investment of time, talents and treasurers. Please join us by hosting a meet & greet event at your home, becoming a neighborhood captain, making a campaign donation, calling friends and offering your prayers. As a team, on the road to victory - we will get it right.
