

ALBERS PROMOTES CONTRACT FOR MILTON COUNTY

John Albers, the leading Republican candidate for State Senate District 56, announced Monday, 3/29 at the Roswell City Council meeting a new initiative to help North Fulton by promoting a "Contract for Milton County". The Contract is a pledge for all elected officials, candidates and engaged citizens to sign that commits them to promoting workable solutions to enact and pushing for the creation of Milton County.

HR21, a resolution to begin the process for the creation of Milton County was unable to secure enough votes for passage this year. The winner of the Senate 56 contest will be a pivotal figure in the passage or continued failure of this effort.

Said Albers, "Like so many other North Fulton leaders, I am disappointed in the outcome of HR21, but this temporary setback only refocuses all of the families on North Fulton on the need for committed leadership to make Milton County a reality. Regardless of my personal election, I am pushing forward by providing leadership on this critical issue by starting this Contract for Milton County initiative to build even broader support that will continue on regardless of who wins the election."

"While other candidates talk about Milton County, I am putting action and commitment behind it and seeking to mobilize even more support to secure passage next year. I support our North Fulton delegation and all their hard to make this a reality. They need our support and focus to keep this issue moving and start separating our services now."

This contract which can be found and signed online at: www.contractformiltoncounty.com. Several town hall meetings have been scheduled as well as appearance throughout North Fulton to get citizens involved. The Contract for Milton County will be an ongoing call to action to have a more responsive local government that provides quality public services.

"Being a State Senator takes a substantial commitment of time and energy, I make that commitment. I have consistently demonstrated involvement in our community. Once elected, I will work tirelessly to serve the families in North Fulton and make Milton County a reality. I look forward to being North Fulton's customer service State Senator."
